« کمن سری سوم »

سوال 1:

 $\int_{-\infty}^{\infty} \int_{-\infty}^{\infty} \int_{-\infty}^{\infty$

 $f(t+\frac{T}{r}) = -f(t) \stackrel{F.S.}{\Longleftrightarrow} a_k e^{jk \frac{T}{r} \times \frac{r\pi}{T}} = -a_k$

 \rightarrow $a_{\kappa}e^{j\kappa\eta} = -a_{\kappa} \rightarrow a_{\kappa}(1+e^{j\kappa\eta}) = 0 \rightarrow a_{\kappa}(1+(-1)^{\kappa}) = 0$
